

# Semi-Weekly South Kentuckian.

VOLUME X.

HOPKINSVILLE, CHRISTIAN COUNTY, KY., APRIL 6, 1888.

NUMBER 28

ISSUED EVERY TUESDAY AND FRIDAY  
MORNING BY  
**W. A. Wilgus,**  
PUBLISHER AND PROPRIETOR.

SUBSCRIPTION RATES.  
One copy, one year, strictly cash in advance.....\$12.00  
One copy, six months.....\$10.00  
No subscriptions taken on time and all papers stamped when sent  
One copy gratis to any one sending us a  
copy from another paper.

**ROYAL**  
**BAKING**  
**POWDER**  
**Absolutely Pure.**

This powder never varies. A marvel of purity, strength and economy. More economical than any ordinary kind, and will not be sold in competition with the multitude of low cost, short weight alum or phosphate of iron, baking powders. **ROYAL BAKING POWDER CO., 108 Wall St., N. Y.**

BUSINESS CARDS.

**A. P. Campbell,**  
**DENTIST,**  
**HOPKINSVILLE, - KY.**  
Operating a Specialty.  
Office over M. Frankel & Sons'.

**John W. McPherson,**  
**Attorney At Law,**  
**HOPKINSVILLE, - KY.**  
Will practice as before in all the Courts of the Commonwealth except the Common Pleas Court for Christian County.  
2-25.

**SAM HAWKINS & CO.**

**TONSONIAL ARTISTS,**  
Have the oldest establishment in this city having run for over 30 years and their success is an evidence of the real and polite manner in which they conduct their business. They have fitted their shop with new set of charts. They especially invite the shaving public to their shop.

Be spared to give all satisfaction who call on them. Remember the place adjoining express office, No. 31. Formerly Russell's Hotel, Russell's Hotel.

**J. H. Twyman,**  
**DENTIST,**

All work first-class and guaranteed. Charges as low as good work will allow. Extracting & filling teeth, S. W. Cor. 8th and State, 1st fl. stairs.

**BETHEL**  
**Female College.**

HOPKINSVILLE, KY.  
The Fall Term will open MONDAY, AUGUST 20. An excellent faculty, thorough instruction and terms as moderate. For other information call on or address

**J. W. RUST,**  
HOPKINSVILLE, KY.

BOARDING SCHOOLS.

How Girls Are Benefited by Attending Institutions of This Kind.

"Shall we send the girls to boarding-school?" Well, that depends a good deal upon where the girls live and what their temperaments are. If the home of the young lady under consideration is in the country or some small village, there are reasons besides the superior advantages for a book education why it is best to send her away to school. Contact with other minds and individuals besides the narrow circle which such places afford furnishes a valuable part of the education which is to fit the young girl to be a woman. Going away to school is not going to make smooth all the rough places, but it goes a long distance toward giving a young girl a certain self-reliance and confidence, which are the best possible cures for awkwardness. In the narrow circle of relatives and intimate friends she feels that she is understood and judged kindly. The moment she is set out among strangers she says to herself: "What do they think of me?" The constant reference of this question causes embarrassment and awkwardness. She is sent out among people without any she must stand upon her own merits, and she will find that in the main people are much kinder than she gave them credit for.

By all means let the school be carefully chosen. In a good school the young girl, besides her studies and contact with people, learns system and comes under a discipline which is good for her. The meals are regular, the sleep is regular, and a certain amount of exercise is insisted upon. To the girl who has been rather "spoiled" at home and allowed to retire at one or two, rise at ten or eleven, and subsist on fruit cake and pickles, never walking over two blocks if she can help it, such a change is highly desirable. Something to do every day, and a stated time to do it in, with obligations which must be met, is a discipline which, even if not kept up, is invaluable. —*Detroit Tribune.*

The principal element in the composition of a tear, as may readily be supposed, is water. The other elements are salt, soda, phosphate of lime, phosphate of soda and mucus, each in small proportions. A dried tear seen through a microscope of good average power presents a peculiar appearance. The water, after evaporation, leaves behind it the saline ingredients, which amalgamate and form themselves into lengthened cross-lines, and look like a number of minute salt bones. The tears are secreted in what are called the "lacrimal glands," situated over the eyeball and underneath the lid. The contents of these glands are carried along and under the inner surface of the eyelids by means of six or seven very fine channels, and are discharged a little above the cartilage supporting the lid.

The discharge of tears from the lacrimal glands is not occasional and accidental, as is commonly supposed, but continuous. It goes on both day and night—through less abundantly at night—through the "conduits," and spreads equally over the surface of the pupil. In virtue of the incessant movement of the lids. After serving its purpose, the flow is carried away by two little drains, situated in that corner of each eye nearest the nose—into which they run—and called the "lacrimal points."

The usefulness of this quiet flow of tears, to both men and beasts, is manifest. Thereof such an immense quantity of fine dust floating in the air and constantly getting into the eyes, that, had it not been for the action of the lacrimal glands, the eyes would soon become choked. Very little is requisite to keep the ball free, and when some obnoxious substance—smoke, an insect or the like—that affects the nerves—does make its way in, an increased flow is caused, but it is kept away. —*London Queen.*

—If a man really desires to discover how popular he is as a speaker, let him charge fifty cents admission.—*Boston Globe.*

JAMES E. SCOMEY,<

SOCIALITIES.

E. B. Bassett went up to Louisville yesterday.

Miss Sue Wood left yesterday for Louisville.

Dr. Graves returned to Memphis yesterday.

C. S. Timothy went over to Nashville yesterday.

Miss Mary Green returned from Nashville yesterday.

Mrs. W. L. Thompson is on a visit to friends in Elizabethtown.

Miss Lizzie Quarles, of Howellton in the city this week.

Miss Emma Cooper, of Lafayette is visiting friends in the city.

Dr. Robert Armstrong of Fairview was in the city yesterday.

Miss Sallie Tandy of Pembroke, was in the city the first of the week.

Mrs. W. A. Gossett is visiting her parents in Howling Green, this week.

Mrs. Harry Frazer, left Whiteside for Evansville to visit friends.

Miss Victoria Strasser, of Kelly, is visiting her brother, Mr. Jno. Brusher.

W. A. Gossett returned from a business trip to Clarksville, Wednesday.

Mrs. Nat. Wright attended the grand millinery openings in Nashville, Wednesday.

Miss Alice Hayes left for the East on either to-day where she will lay in a spring supply of millinery.

Mrs. Rosa Dade, of the Church Hill neighborhood, is visiting the family of J. Hawkhead.

Mrs. Chas. M. Meacham, little son and brother Henry, will leave for San Diego, Cal., next Monday.

Miss Belle Ellis went up to Russellville Wednesday to visit her aunt Mrs. McDaniel who is quite ill.

Mrs. Julia Venable returned from Nashville yesterday after a pleasant visit to friends in that city.

Mrs. Alice Hall, Mrs. John Hall, and Messrs. Douglass and Austin Hall, of Hall's Station were in the city yesterday.

Mrs. F. P. & H. G. Renshaw and P. W. Brusher left Wednesday for Arkansas, and will be absent several weeks.

Mrs. R. W. Henry left for Fort Worth, Tex., Tuesday, and will be absent several weeks on a visit to relatives.

The Dramatic Festival.

The outlook for a big excursion from this city to the May Dramatic Festival at Louisville is good. Booth and Barrett are the attraction, and the opportunity to see these great actors is an unusual one. The season tickets for the dramatic festival will go on sale at Louisville at 9 o'clock April 10th, and single tickets April 21st, at \$6 for season tickets and \$2 for single tickets. The general admission will be \$1.

Those who desire to go should make arrangements for tickets, and not put it off until the last moment when all the good seats will be taken.

In Memory of Mrs. Margaret McPherson.

At a meeting of the Christian Woman's Charley Association the following resolutions were offered and adopted:

WHEREAS, Death has invaded our circle and taken from us our president and,

WHEREAS, We the surviving members desire to express our regret at the sad event and testify to the deceased and the community at large, our sincere regard for our sister, therefore, it is

Resolved, That in the death of our sister the Christian Woman's Charley Association has lost one of its most zealous and courteous members, the poor one of their best friends.

Resolved, That a copy of these resolutions be furnished the family of our deceased sister and also the city papers for publication and that these proceedings be entered on the records of the Association, as a lasting testimonial of our attachment and esteem for the departed.

Mrs. DR. LICKMAN, Chairman.

EDITHA BUSH, Secretary.

Prof. Burk's Equestrian Curriculum composed of eighteen trained horses, will appear at the opera house next Monday and Tuesday evenings, with Tuesday matinee. The Indianapolis Daily Sentinel says:

"To describe all that is done by Prof. Burk's educated horses, ponies and mules would be impossible. It is only necessary to say that the exhibition given is a most wonderful one. They understand what is said to them with an intelligence that is almost human. In fact, no such horses were ever seen before, and no one should fail to visit the Grand Opera House during the week."

The base ball season is at hand and there is talk of organizing a club here.

HERE AND THERE.

Hopkinsville horse sold at Cansler's. A new brick cottage is being erected on Webber Street.

Wednesday afternoon a barrel of cider exploded in R. P. Steven's grocery. Saved the loss of the cider, no damage was done.

Bought the largest and cleanest nut coal 25¢ cheaper than from J. F. Gordon & Co.'s yard, Wheeler Mills & Co.'s, Warehouse.

Quite a number of business houses on Main Street have been treated to a new coat of paint which decidedly improves their appearance.

Leslie, a little son of Isaac Garrott, of the Pembroke neighborhood, died last Sunday, after a protracted illness.

Carter Leavell, col., was tried before Esq. Huston, Thursday, charged with having violated the prohibition law, and acquitted.

The Annual meeting of the Stockholders of the H. N. & C. Turnpike Co., will be held at the Court House Saturday April 7th, at 10 o'clock A. M.

Mrs. Jas. L. Campbell died in California, her home, last week. She had been a resident of that State several years. A husband and several children survive her.

All damage done the L. & N. in the South by the floods has been repaired, and schedule time is being made by all trains.

The encouragement given us in the way of new subscribers during March is highly appreciated, and we hope to see the good work kept up during April.

In the heading of our post-office article last issue the printer turned the word "Reprint" into "Repute." We have since turned our attention to both him and the matter has been adjusted.

Mrs. Moore, of Owensboro, is in the city for the purpose of organizing a Temperance Society, and will lecture at the Cumberland Presbyterian Church to-night. She also lectured last night.

We received an advertisement Wednesday addressed to the "South Kentuckian," the great moral reformer, people's rights organ and P. O. slugger." We hadn't given the matter much thought before but guess this must be what we are.

There were three arrests for drunkenness made Tuesday afternoon, all white. They spent the regulation time for sobering up in the lock up when they were brought before the City Judge and made to pay for their free indulgence in the ardent.

Mrs. Richard Peace, familiarly known all over the county as "gray Dick" has secured a position with W. B. & C. T. Mason, who are agents for Wool's machinery in this county. No better man could have been selected to travel for them as "Dick" is a wide awake, go-ahead, talking kind of fellow who knows everybody and withal a thorough machinist.

In as much as the Council approved of the plan, using canes to walk with, we would suggest that the adopt some uniformity, and present them with nice gold headed ones. But then they would have to be a little careful otherwise they might have them stolen. As it now is some use the plain old fashioned hickory cane, while others confine themselves to the more elegant rattan.

We hear a great deal of complaint about cows and hogs running at large on the streets, and opening people's gates after night. They walk into a yard, make a meal out of some rare flowers, trees, etc., that have received the careful attention of the owner of the premises, and then walk out. The regular town cow and hog are experts at opening gates, and people who own such stock do not care about paying for the damage done. The Council ought to look after a remedy.

Monday morning W. F. Buckner sold to Hancock, Fraser & Ragsdale the lot on the north side of Main street between Spring and First, fronting 322 feet on Main and 220 on Spring. The price paid was \$2,000, a very healthy advance on the price paid by Mr. Buckner in '81. Hancock, Fraser & Ragsdale will build a mammoth warehouse on it. There is no better property in the city for a warehouse than this, and we congratulate them on its purchase—Clarksville Tobacco Leaf.

Major Brothers, Thos. P. and E. T. Major, will open in the Arlington store room next to the Gracye house in a few days, a wholesale and retail cigar and tobacco store. The gentlemen have made their purchases, and expect to be ready for business next Monday. They have ample capital, energy and business sense, a combination that seldom fails to win success, and those gentlemen we trust will meet with unusual success. The business will be in charge of the younger brother Forrest, Thomas P. resulting his position in the firm of Herndon, Hallums & Co.—Clarksville Tobacco Leaf.

Judge Lucius P. Little, who came into our midst almost an entire stranger, left last week for his home in Owensboro, carrying with him the tokens of warm friendship expressed by all who had the pleasure of meeting him. He is a gentleman of dignity, yet so easily approachable, and impresses you at once as being a man upon whom you could rely.

The bar was especially pleased with Judge Little, and passed highly complimentary resolutions, expressive of their esteem and confidence. No gentleman has ever come into our midst a stranger and left a better impression behind him. May he visit us again.

A "Commercial Club."

ORGANIZED BY THE YOUNG BUSINESS MEN OF HOPKINSVILLE.

Recognizing the benefits that must necessarily follow a joining together of the public spirited young men of the city, a move was put on foot a few days since, to successfully organize a Commercial Club. The young men were not long in seeing that good would result from the organization, and we are able to day to place before the public the names of the members, who are all strictly first-class young men, who have made a success of themselves and who will make a success of the club.

The meeting was called to order by Prot. J. W. Rust, elected Moderator and Elder F. W. Carney, pastor of New Providence church, Clerk.

There were in attendance, Elders, J. G. How, E. N. Dicken, A. Malone, Jos. Burnett, Hatt, Miller, Page, and several lay members all of whom added to the interest of the meeting.

Several subjects of great importance, to the cause of Christ, were discussed in a very able manner, giving great satisfaction to all of those present.

The meeting was greatly edified by a discourse by elder How on the Divine Workmanship. This was one of the grandest meetings that we have ever attended of the kind, an overwhelming of brotherly love and that good feeling that is calculated to make one feel that religion is good for ones soul.

We have not time to make any personal allusions but we must here state, that Prot. Rust was master of the situation and did not let it lose any of the spirit for good.

Many thanks are due the kind people of Auburn for their generous hospitality.

F. W. CARNEY, Secy. Hopkinsville, Ky., April 5th, 1888.

Meeting of Baptists at Auburn.

The ministers and members meeting of the Bethel Association of Baptists, met with the church at Auburn according to previous appointment, and promptly at the hour of 10 a. m., the meeting was called to order. Prot. J. W. Rust was elected Moderator and Elder F. W. Carney, pastor of New Providence church, Clerk.

There were in attendance, Elders, J. G. How, E. N. Dicken, A. Malone, Jos. Burnett, Hatt, Miller, Page, and several lay members all of whom added to the interest of the meeting.

Several subjects of great importance, to the cause of Christ, were discussed in a very able manner, giving great satisfaction to all of those present.

F. W. CARNEY, Secy. Hopkinsville, Ky., April 5th, 1888.

Cheap Rates to Arkansas and Texas.

The L. & N. will sell excursion tickets to all points in Arkansas and Texas good 60 days at one fare for round trip. Tickets good 15 days in each direction. Tickets sold on the following dates: March 20th, April 3rd and 21st, May 8th and 22nd and June 5th and 19th.

In another column of this issue will be found a card announcing the time of holding the Spring meeting of the West Side Driving Park Association, of Nashville. The meeting commences on the 28th Inst., and will be held seven days. A number of the fastest horses of the United States will be in attendance and will participate in the racing. There will be four races per day and large premiums are offered to the winner of each race. This promises to Eclipse anything in the line of racing in that city and doubtless will be largely attended and handsomely patronized. Two lines of Street Cars and the N. C. & St. L. Railway run directly to the Grand Stand and afford ample facilities for carrying people to and fro. Those desiring to spend a few days pleasantly and leisurely of good racing should attend the races.

Mr. W. T. Cooper, the Treasurer, is proprietor of the Phoenix Hotel, and is one stand higher than he in public estimation.

The Directors, Messrs. Metcalfe and Davison, are peculiarly fitted for the duties devolving upon them.

Of course the question naturally arises what does the Club expect to do.

Its influence will be used to advance the interests of the city, and to co-operate with similar Clubs for State development. No member will be admitted unless he is over 18 and under 50 years of age, and a moral, public-spirited man. There will be some who are ready to predict its uselessness, and failure, but just such men as these is what has been an impediment to Hopkinsville's prosperity. Nothing but encouragement should be given the Club, which will be of inestimable benefit to the city and county. Copies of the articles of incorporation and by-laws will be out soon, while will give a better idea of the intent of the Club.

The large room in the second story of Howe's building has been rented, and will be fitted up at once. The Club meets the first and third Mondays in each month and should any enterprising man care to give the Club the benefit of his influence, he can send in his petition.

ANOTHER EFFORT

TO CUT OUR RECEIPTS SHORT

BECAUSE WE ARE ADVOCATING THE RIGHTS OF THE PEOPLE.

Below we publish a note received from a gentleman in the country who has come to the conclusion that our paper is not the one he now wants.

EDITION SOUTH KENTUCKIAN:

Sir—You will do a great favor by discontinuing your paper. My subscription is out some time this month. It causes to be of any interest, since it is nothing but a trade against the P. O. and Mr. McKenzie.

Respectfully, J. M. Moss, Beaufort, N. C.

We can account for this act of Mr. Moss' in no other way than that he is in some way related to Mr. McKenzie and he desires to come to his rescue.

We are satisfied that he has never given the matter the careful investigation necessary to find out whether our charges are true or not. We have the facts, and the feelings of the public to bear us out in what we have said, and as we are not running a policy paper this year, we expect to jump a wrong whenever we see it, and more especially one that concerns as many people as the Hopkinsville post-office. We admit the fact that it is impossible to please everyone, but we believe the majority will appreciate a newspaper that looks to their interest. If there are any more of our subscribers who feel like Mr. Moss, send in your opinions and we will let the people know just what you think of us.

Wm. Merriweather, col., was tried Monday on three charges—drunkenness, disorderly conduct and carrying a concealed deadly weapon. The court fined him \$35 and gave him 10 days in the county jail. He will serve the allotted time and then serve out his fine at \$1 per day in the lock up.

Infants Lace Caps at Frankel's.

The prettiest Dress Goods in the city, at FRANKEL'S.

SPECIAL LOCALS.

Strayed or Stolen.

One black Horse about 15½ hands high, a little white on both hind feet about 4 years old, also one Bay Mare (Texas pony) branded on the jaw, shoulder and hip, both hind feet white. White star in the face. Last heard from in the St. Elmo neighborhood. A reward of five dollars each will be paid for their delivery to JOHN HARRIS, Hopkinsville, Ky.

Don't fail to call in and look through our Clothing before buying.

M. Frankel & Sons.

Patronize Home.

I have no agents and will guarantee a saving of 15 to 30% to all that buy their monuments from me.

ANDREW HALL, Hopkinsville, Ky.

We are "The Champion Clothiers."

M. Frankel & Sons.

Cider Vinegar for sale by Mrs. Walter F. Garnett, residence 18th street.

One Black Horse about 15½ hands high, a little white on both hind feet about 4 years old, also one Bay Mare (Texas pony) branded on the jaw, shoulder and hip, both hind feet white. White star in the face. Last heard from in the St. Elmo neighborhood. A reward of five dollars each will be paid for their delivery to JOHN HARRIS, Hopkinsville, Ky.

Would invite the attention of the public to my complete stock of

DRY & GOODS & AND NOTIONS.

ADVERTISING RATES.

One line one time, \$1.00; one week, \$1.00; six months, \$6.00; twelve months, \$12.00. One column one time, \$2.00; one week, \$1.00; six months, \$6.00; twelve months, \$12.00. Sixty cents per cent per inch; advertising, among reading matter, 10 cents per line. Circular notices over 10 lines, resolutions of respect, names of deceased, etc., 10 cents per line. Entertainment news, where no advertisement is charged, 5 cents per line for each insertion.

SINKING FORK.

SINKING Fork, Ky., Mar. 31.—Young people appreciated just as much twice a week at this office 20 cents mail—40 a week. It is the first thing called for in the way of mattock.

Our community has been drowned all this week, rainy day and night.

Some of our farmers reports plants

heats ruined from high waters.

Plants are up.

Most people are preparing for a big crop of tobacco, and a larger acreage of oats and clover seed were sown this spring than usual.

Forbes & Bro., a representative of

Forbes & Bro., was here to sell

fertilizers and eating his dozen eggs as usual.

Mrs. Nancy Moore, wife of Rev.

T. H. Moore, of Madisonville, Ky., is on a visit to her father, F. M. Stephen, this week.

A man by the name of Proxmire, a German, and Allen Ovener are erecting a grist mill at Cornelius' Rig Spring. This is a grand thing for the neighborhood and Mr. John C. Allen says if the spring goes dry he can furnish a cow that will give him

adulteration with lime is quite as much as breaded as with alum, which has heretofore received the most emphatic condemnation from food analysts, physicians and chemists, for it is a well-known fact that lime may be partially dissolved by the heat of baking. It is impossible to destroy or change the nature of the lime so that the entire amount in the baking powder passes with all its injurious properties, like the stomach.

Mr. John Davengen had an oil fashion gall running last Saturday. The boys ran out for him about one thousand rods and the old gentleman was highly pleased with the job.

Mr. Brooks Boyd was out on his farm few mornings ago when a gray fox sprang out of some bushes and a small dog he had with him took a fair race with it of about 250 yards and the dog overhauled the fox.

Wm. Woosley is very sick. He has been in bad health for several years it is thought by his physician that he will not recover.

Miss Etelle Cavanaugh returned home to-day from a visit to her aunt, Mr. McClellan, of this country.

Jo Patton, our clever blacksmith, is going to split the shop here and go to Princeton. This is caused by our town not having a railroad.

Mrs. Wm. Renshaw and daughter, Helen, were in our town shopping and trading in general to-day.

Purdie, Carter, colored boy in living on Dr. Wm. W. Dill's farm in the strong neighborhood, had his tobacco barn full of tobacco burned last Wednesday night. Supposed to be the work of an incendiary.

Miss Maranda Davenport is visiting friends in Hopkinsville this week.

The P. M. at this place has received \$30 dollars worth of stamps of all denominations and postal cards this quarter.

I will give more news next week.

R. P. H.

PEMBROKE, KY.

PEMBROKE, KY., March 31.—Will you publish a few items from and old friend, from this section?

Friends are tolerably flourishing to this end of the earth.

Our merchants are progressing moderately well, considering the dullness of the times, and the scarcity of money.

Messrs. McCombs & Graham have, for some time, been engaged in the tobacco business. These gentlemen have a number of hands employed in buying, packing and putting up tobacco.

Our town has improved rapidly for the past four years.

Mr. H. H. Miller has recently constructed a handsome residence, and is now a citizen of our town.

The Rev. Mr. Bow, who has been pastor of the Baptist church here for the past seven months has resigned the pastorate, and intends locating in Russellville, where he has been called to take charge of the Baptist church. During his brief stay here, he has made many warm friends, not only among the Baptists, but among fair-minded and right-thinking people of all denominations. He is a polished, educated and warm-hearted man, and a true friend to the gospel. His heart is open to all rich and poor. I doubt not that 99 per cent of the community regret exceedingly his departure.

The Rev. W. W. Dorris, the pastor of the Christian church here, seems to be a well-bred, and polished gentleman. He is a talented and able minister of his age.

The Cumberland Presbyterian church here is being constructed by Messrs. Vaughn, Chastain and others competent workmen. Perhaps the dedication services will be preached sometime in December.

James Wade, a most highly respected young gentleman of our town, is still on Calvary's shores. The gentleman is looking around.

GEOGRAPHY.

Renews Her Youth.

Mrs. Ethel Clancy, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with rheumatism and lameness for many years; could not dress myself without help. Now I am free from all pain and sorrows, and am able to do all my own house-work. I owe my thanks to Electric Litters for having removed my pain, and restored completely all disease and pain." Try a bottle, 50c, and \$1 at Harry H. Garner's City Pharmacy.

DANGEROUS FOOD ADULTERATION.

The Fraudulent use of Alum and Lime in Cheap Baking Powders.

If consumers prefer to buy an adulterated article of food, because it can be had at a lower price, they undoubtedly have the right to do so, provided the adulterants are not of a character injurious to health. If such articles are not fully sold as pure, and the customer is not deceived as to their real character, the transaction is not illegitimate.

Buckler's Arnica Salve.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and skin Eruptions, and all painful cures. Price 25c per pound. It is guaranteed to give perfect satisfaction, and money refunded. Price 25 cents per box. Sold by Harry H. Garner, City Pharmacy.

Worth Knowing.

Mr. W. H. Morgan, merchant, Lake City, Fla., was taken with a severe cold, attended with a distressing cough and running into consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced to a mere skeleton, unable to sleep and weak unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. No remedy can show so great a record of cures as Dr. King's New Discovery for Consumption. Guaranteed to do just what is claimed for it. Ask at Harry H. Garner's City Pharmacy.

ANTIOCH.

ANTIOCH KY., Mar. 27.—Turnipgreen and wild onions have sprung.

James Underwood of Stinking Fork, was in this neighborhood, Sunday, Joseph Russell and family, who have been roaming with A. T. Johnson, have moved to Robert Harrison's farm.

It is thought some tobacco plants were killed by the cold spell last week.

Uncle Thompson Fruit is ill again. Uncle Bill Fields is sixty-eight, and has been dead and made 200 rails most every day.

Some one has said a man who didn't vote for prohibition would lose time, breath, and get very hungry, electorally in this neighborhood. There will be a large crop of pole beans planted out here this spring. Sam Holden will furnish the sticks. He can be found at his nursery most any day lutching sticks and taking orders. Mr. Editor if you charge me for this send your account to Sam and he will pay it off like a policeman.

The chief service of time is to add weight. It is true that lime, when subjected to heat, gives off a certain amount of carbonic acid gas, but a quicklime is left—a caustic of most powerful nature. A small quantity of dry lime upon the tongue, or in the eye, produces painful effects; how much more serious must those effects be on the delicate membrane of the stomach, intestines and kidneys, more particularly when the lime is added to water, especially when the lime is taken into the system day after day, and with almost every meal. This is a suggestive fact that no baking powder except the Royal contains both lime and alum.

It is thought some lime was found to contain both lime and alum.
